## Seton Spotlight:

### Student-Leaders Inspired at Seminar

A group of Saints attended the Anthony Muñoz Foundation Youth Leadership Seminar this week! They heard from various speakers, participated in group breakout sessions with other high school students and were challenged to create a service project to impact our school or

local community. Woven into the messages and activities of the day was the theme "envision". Students were inspired to envision their goals and dreams and how to put tangible actions and efforts in place to reach them. With over 1,100 students in attendance, the energy and passion in the room were infectious! We are proud of these student-leaders who showed confidence, initiative, respect and an eagerness to lead and make a difference!

Seton students had the opportunity to meet Anthony Muñoz during the leadership seminar!
