

FOR IMMEDIATE RELEASE– Seton High School is excited to announce the **plans for a \$16M sports complex development in Delhi Township – the SETON SPORTS COMPLEX.**

Seton High School purchased 11 acres of land in Delhi Township on Delhi Pike, Greenwell Avenue, Klemme Drive and Glenroy Avenue. Just eight minutes from Seton’s campus in Price Hill, construction is scheduled to begin immediately, and the **SETON SPORTS COMPLEX, known as THE SC**, will open for the 2026 Fall Sports Season!

Plans for the complex include a turf field for Soccer, Lacrosse, and Flag Football, an eight-lane outdoor Track with Field event space, Tennis and Pickleball courts, seating and parking.

In addition, the facility will boast a two-story athletic center fully equipped to give Seton student-athletes the best amenities in health and wellness including a state-of-the-art weight room, training room, team meeting rooms, health and wellness center, batting tunnels, golf simulator and locker rooms. Fans can enjoy a concession area with outdoor dining, a spirit shop, restrooms and ample stadium seating for viewing the competitions. The athletic center also features four well-appointed luxury suites for an optimal fan experience and a press box with broadcasting capabilities.

“The SC will transform our school and take our competitive athletic program to the next level by providing our students with exceptional facilities to enhance their talents and focus on their health and wellness. Seton High School values the importance of a robust, well-rounded educational experience, and is dedicated to providing students with the best possible experience to develop strong, independent young women,” said Seton High School President Kathy Allen Ciarla ’87.

The cost for this renovation is being funded by donors and grants. This is part of the Seton Centennial fundraising initiative of which Seton is in the first phase. Construction for the Seton Sports Complex will begin now and will be complete by fall of 2026.

“The Seton community has deep roots throughout the westside, and we’re proud that school leaders chose Delhi Township as the future home of the Seton Sports Complex,” said Delhi Township Administrator Skylor Miller. “The development’s location is a testament to the momentum sparked to attract investment along Delhi Pike, and we look forward to the ripple effect this state-of-the-art facility will have on the growth and prosperity of our community.”
